GENERAL INFORMATION

This Circular contains the titles of books approved or recommended for use in 1962. As other suitable books appear during the year they will be added by supplements to Circular 14.

Wherever possible, books written by Canadian authors and produced by Canadian publishers will be chosen for these lists.

Titles of books that are marked with an asterisk are approved for use in 1962, but they are likely to be removed from the lists for 1963. Boards would be unwise to undertake the purchase of new sets of these books; purchases should be limited to the replacement of lost or damaged volumes for immediate use.

Where a school has a class set of a book that has just been dropped from the lists, it would be wasteful to discard the set if it is in reasonably good condition and if it is still considered useful. As reference or supplementary books these volumes can be retained in the school for use until they are no longer serviceable or of value.

Local Co-ordinating Committees are again invited to submit, through the Office of the Superintendent of Curriculum, Department of Education, Parliament Buildings, Toronto, suggestions for books to appear on supplementary lists later in the year. If a Co-ordinating Committee desires to use a text-book which does not appear on the approved list, application may be made to have it considered for approved listing.

GRANTS (Grades 1 to 10)

Schedules A and B contain the titles of text-books referred to in sections 32 and 34 of Part 4 of the Regulations, General Legislative Grants (O. Reg. 37/62), which read:

"32. The board of a public or separate school shall be paid a grant equal to the amount expended in the preceding year for text-books approved under paragraph 33 of subsection 1 of section 12 of the Act, not exceeding an amount computed by multiplying \$3 by the average daily attendance in kindergarten to grade 10, both inclusive, during the preceding year."

"34. The board of a high, continuation, or vocational school shall be paid a grant equal to the amount expended in the preceding year for text-books approved under paragraph 33 of subsection 1 of section 12 of the Act, not exceeding an amount computed by multiplying \$3 by the average daily attendance of pupils in grades 9 and 10 during the preceding year, but excluding from the computation average daily attendance of those pupils whose fees are payable by another board or by the Minister."

Under present Regulations, attendance in Grades 9 and 10 only may be included for purposes of calculating the maximum expenditure

on which a Board may claim reimbursement grants for the purchase of text-books listed in Schedule B. Attendance of pupils from other high school districts is excluded from this calculation.

Boards will be reimbursed in 1963 for amounts expended in 1962 for text-books listed in Schedules A and B to the extent and within the limits provided for in the Regulations then in effect. Reference should, therefore, be made to the latest Regulations for an authoritative statement on text-book grants.

Books selected from Schedules A and B that are purchased by a Board and included in claims for repayment grants, remain the property of the Board. Where these books are loaned to the pupils, they should be collected at the end of the school year so that they may be used again. In all cases the schools should see that proper care is taken of the books, keeping in mind that they belong to the Board and are intended to be used for more than one school year.

SELECTION OF TEXT-BOOKS

The following extracts from the Statutes relate to text-books:

THE DEPARTMENT OF EDUCATION ACT

10. . . .

(2) The Minister may,

.

(e) approve text-books for use in Grade 13.

12.--(1) Subject to the provisions of any statute in that behalf and to the approval of the Lieutenant Governor in Council, the Minister may make regulations with respect to schools or classes established under *The Public Schools Act, The Separate Schools Act, The Schools Administration Act, The Secondary Schools and Boards of Education Act*, or this Act, or any predecessor of any of such Acts, and with respect to all other schools supported in whole or in part by public money,

.

4. requiring boards to purchase books for the use of pupils;

.

33. approving the text-books for use in Grades 1 to 12 inclusive;

THE SCHOOLS ADMINISTRATION ACT

20.—(1) A teacher shall not use or permit to be used as a text-book in a prescribed subject in an elementary or secondary school any book that is not approved by the Minister or the regulations, and the Minister, upon the report of the inspector concerned, may withhold the whole or any part of the legislative grants in respect of any school in which an unapproved book is so used.

(2) Where a teacher uses as a text-book, or negligently or wilfully permits to be used as a text-book by the pupils of his school, in a prescribed subject, a book that is not approved by the Minister or the regulations, the Minister, on the report of the inspector of the school, may suspend the teacher and the board that operates the school may deduct from the teacher's salary a sum equal to so much of the legislative grants as has been withheld on account of the use of the book or any less sum at its discretion.

(3) Subject to the written approval of the board that operates the school, a teacher may replace any approved text-book that is in actual use in an elementary or secondary school by any other approved text-book on the same subject.

22.

(2) It is the duty of a principal, in addition to his duties as a teacher,

.

(f) to prevent the use by pupils of text-books that are not authorized by the regulations or prescribed by the Minister;

35. A board may,

.

10. provide for the use of pupils text-books and other school supplies, and either furnish them to the pupils free of charge or collect for the use thereof from their parents or guardians a sum not exceeding 25 cents per pupil in each month of the school year to assist in defraying the cost thereof;

The following extracts from the Regulations relate to text-books:

ELEMENTARY SCHOOLS

**Ontario Regulations 155/57
as amended by O. Reg. 39/59**

2. (1) Each school shall be equipped with

(c)

.
.

(ii) atlases in numbers sufficient for class use in Grades 4 to 10, both inclusive,

(3) The board shall provide the school library with

.

(d) text-books selected with the approval of the inspector from those approved under paragraph 33 of subsection 1 of section 12 of the Act.

SECONDARY SCHOOLS

**Ontario Regulations 100/56
as amended by
O. Reg. 225/58, O. Reg. 44/59,
O. Reg. 239/59, and O. Reg. 216/60**

17. The text-books approved under clause *zf* of subsection 1 of section 12 of the Act shall be used in Grades 9, 10, 11, and 12 of secondary schools.

18. (1) Subject to the approval of the board by resolution, the principal shall select the text-books for use in Grades 9 to 13, both inclusive, from the list of text-books approved under clause *e* of subsection 2 of section 10, or clause *zf* of subsection 1 of section 12 of the Act, as the case may be.

(2) When the inspector makes his official visit to a school, the principal shall furnish him with a copy of each of the text-book resolutions dated and certified by the secretary of the board.

APPROVAL OF TEXT-BOOKS

Throughout the year, the Department receives a great number of enquiries as to whether certain new text-books have been or will be approved for listing in Circular 14.

It seems, therefore, desirable to indicate the procedure that is followed when a new text is published. The publisher submits to the Curriculum Branch six copies of each new text that he wishes considered for listing. The Department then sends a copy to each of several readers or critics for comments and criticisms. The books are examined in the light of certain established criteria, and reports are submitted to the Department. When the reports are received, they are reviewed in detail and a recommendation is prepared. This process takes some time, but it is necessary to ensure the thorough examination required to make certain that only the best text-books are put in the hands of students.

If a book is recommended for listing in Circular 14 and the recommendation is approved, the book is included in the next issue of Circular 14 or in a supplement to Circular 14. Two supplements are issued during the calendar year. Until the title of a book appears in one of these lists, it should be assumed that the examination of the book is not yet complete or that the book has been rejected as unsatisfactory. If those responsible for the selection of text-books bear this in mind, it will be possible to avoid the purchase, either by pupils or by Boards, of books that cannot be used because they have not been approved.

SCHEDULE A

Books Approved for Permissive Use (Grades 1 to 8)

Schedule A contains the titles of books approved for permissive use in Grades 1 to 8 of the several types of schools. Pupils will not be required to buy these books. School Boards will be required to provide Readers and other text-books selected from Schedule A in numbers sufficient for the use of the pupils. Boards should make their selections after consultation with teachers, principals, and inspectors concerned.

READING

Schools should not discard Readers that are in satisfactory condition. In larger schools it should be possible to fill out any shortages by using the older books from one classroom to complete sets in other classrooms. The new Readers might then be purchased for one classroom. Even when the new Readers have been adopted, the older ones should be retained in the classroom as supplementary readers until they are no longer usable.
